Alert Distracted Drivers Prior to Work Zones

Improving Safety for your Road Crews

Main Street Materials Educational Series

Distracted driving is a growing problem. It creates a hazardous environment for your road crews. In order to address this issue, we are presenting a product specifically designed to alert drivers with sight, sound and sensation awareness.

Check out the next page to see
how we fixed it.

HOW WE FIXED IT

TRAFFIX ALERT® HIGH SPEED RUMBLE STRIP

NO MOVEMENT in the SKID TESTING

Traffix Alert® High Speed Rumble Strip™

High Speed Rumble Strips are designed and tested at speeds of 45 MPH+. Uses include:

- Emergency Traffic Control
- Flagger Operations
- Pilot Car Operations
- Road & Highway Maintenance Projects
- Temporary Checkpoints
- Temporary Lane Closures

The High Speed Rumble Strip is portable, easy to assemble and holds fast to the road when driven over (even in a skid!). Alert drivers with sight, sound, and sensation awareness.

Call/email your Main Street Sales Rep. for more info on the Rumble Strip:
