The California Department of Transportation (Caltrans) has reviewed the following product:

Product
Enflex

Tracking Number
AML 23-11-003

After careful evaluation of this product against the authorization criteria for the Asphalt Concrete Pavement (Flexible Pavement) Crack Treatment Material AML, it has been determined that this product meets the AML criteria. This product has been added to the AML.

Thank you for giving Caltrans the opportunity to review this product. If you have any questions regarding the new products review process, please contact the Product Evaluation Program Coordinator at New.Products@dot.ca.gov.

Sincerely,

Jennifer Moore
